TEAM CASTLE 2006

Castle Creations Invites Customers To Join The Team!

Olathe, KS, May 23, 2006 - Castle Creations is proud to announce our new Team Castle program!

Here at Castle Creations, we believe EVERYONE who uses our great line of products is a part of Team Castle. As a manufacturer of an ever increasing line of radio control hobby products, we're proud to say our electronics are MADE IN THE USA and distributed around the world. We know our customers are proud of that fact as well, and now you can really show it, and help a worthy cause at the same time!

Castle Creations will be teaming up with a great charitable organization each year to raise awareness of each cause, and help them perform their excellent work through donating all proceeds of Team Castle T-shirt sales on our web site, and at Castle Creations sponsored trade shows and flying events all over the country. The shirt identifies you as a member of TEAM CASTLE and is an excellent way to show your pride in American made hobby goods, in addition to your willingness to help a dedicated charity.

Our charitable organization this year is the Association of Hole in the Wall Camps. Founded by Paul Newman, the Hole in the Wall Camps "provide a recreational and therapeutic camping experience for children facing serious illnesses and life-threatening conditions. While at camp, these children discover the joys of childhood often missed during extended medical treatment. All children attend the camps free of

charge as a result of generous contributions from individuals, corporations, foundations and other organizations.”

We're proud to be a part of the work they do to provide seriously ill children with fun activities in a medically secure environment. You can find read much more about this great cause at their web site: www.HoleintheWallCamps.org

The first edition of TEAM CASTLE shirts are available on our web site now, for just a \$5 donation that goes entirely to the Hole in the Wall Camps for each shirt. Castle Creations is donating the shirts to the cause, so ALL PROCEEDS from the shirt sales will go directly to the Hole in the Wall Camps. May 23, 2006

As a privately held company, Castle Creations, Inc. is a leader in speed control technology for the R/C hobby industry. All Castle Creations' electronics are designed and manufactured in the USA.
