

SURFACE

1:8 AND 1:10 SCALE

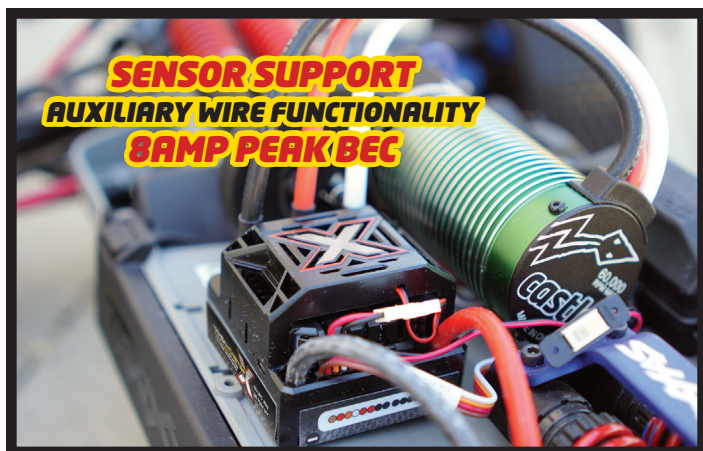

Extreme Brushless upgrade for 1:8 scale buggies, truggies and on-road vehicles, as well as 1:10 scale monster trucks and R/C monstrosities weighing up to 15 lbs.

- New for the Monster X is **DATA LOGGING**, which allows users to inspect many parameters including battery voltage, motor RPM and ESC temperature.
- The ESC features brand new **AUXILIARY WIRE** technology that allows for on-the-fly adjustments using a transmitter. This makes it easy to dial in torque control or adjust maximum throttle setting when passing the controls to another driver.
- The **BEEFY 8AMP PEAK BEC** is perfect for applications with many servos and electrical components that run off the ESC.
- **WATERPROOF** design allows for use in nearly any environment.
- A redeemable coupon for a **FREE CASTLE LINK** USB Programming kit is enclosed.

"This is an awesome controller for any level enthusiast. It can handle insane power and still begs for more. Possibly the best ESC on the market today for any 1/8 scale vehicle."
- Customer Larry Miller, vehicle: Associated RC8.2e

"It's an awesome system with way more power than anyone needs. And that's the way I like it."
- Customer Tom Harnes
vehicle: heavily updated Slash 4X4 LCG

Input Voltage:	MIN: 2S LiPo; MAX: 6S LiPo (2S.2V)	BEC Specification:	Adjustable: 5.5V, 6.0V, 7.5V. or 8.0V (8A PEAK)
Waterproof:	Yes, but not for use completely submerged	On/Off Switch:	Yes
ESC Cooling Fan:	Yes, 30mm fully removable/replaceable	Weight (w/wires):	111.1 grams

ACCESSORY OPTIONS FOR MAMBA MONSTER X

- X Series Sensor Harness (P/N 011-0008-00)
- Receiver Harness for Mamba Monster X (P/N 011-0106-00)
- Field Link Programmer (P/N 010-0063-01)
- Mamba Monster X ESC Cooling Fan (P/N 011-0110-00)
- 6.5mm Castle Bullets (P/N CCBULLET6.5MM)
- 6.5mm Polarized Connectors (P/N 011-0053-00)
- Motor Cooling Fan, 15XX Series (P/N 011-0004-00)
- Castle Series Wire Harness (P/N 011-0002-00)
- CC Pinions- Mod-1 and 32P
- Telemetry Link S.BUS - coming soon! (P/N 010-0152-00)
- Quick Connect Duo - coming soon! (P/N 010-0149-00)
