## SURFACE

1:10 SCALE SHORT COURSE TRUCKS

**The Sidewinder SCT is an ideal brushless upgrade package for 2WD and 4WD SCT trucks weighing up to 6.5 lbs.**

- Sidewinder SCT combo includes the **POWERFUL 1410 1Y 3800 KV MOTOR** with either a 3.2mm shaft or a larger, more durable 5mm shaft
- Both the ESC and Motor are equipped with **COOLING FANS** to keep temperatures under control during hard use.
- **WATERPROOF** ESC keeps drivers going in rain, mud and snow.
- **TUNEABILITY:** Customize the Sidewinder SCT performance via Castle Link (Castle Link USB adapter sold separately).

*"Overall this combo is really good for the price and the 1410 motor has much more torque than the 1406 motors or the 2-pole Velineon. I would recommend this combo."*

*"I run this setup in an HPI Blitz SCT. The 3800kv motor is very torquey - almost too much for the Blitz when running higher C-rating 2S LiPo. Buy the "Castle Link setup" and do some adjusting to punch control. I would recommend this for any 2WD 1/10 RC."*

<b>Input Voltage:</b>	MIN: 2S LiPo; MAX: 3S LiPo (12.6V)	<b>BEC Specification:</b>	Adjustable: 5.5V or 7.5V (2A Peak)
<b>Waterproof:</b>	Yes	<b>Weight (w/wires):</b>	1.96 oz. (55.5 g)
<b>On/Off Switch:</b>	Yes (waterproof)	<b>Size:</b>	1.93" x 1.48" x 0.79"
<b>Motor Weight:</b>	8 oz. (227 g)	<b>Motor Size:</b>	L: 53mm, Diameter: 38mm
<b>1410 3800Kv:</b>	Max Cells: 2S LiPo or 6-7 NiMH		

### OPTIONS AND ACCESSORIES FOR SIDEWINDER SCT

- Sidewinder SCT ESC Cooling Fan (P/N 011-0085-00)
- Castle Link USB Adapter (P/N 010-0005-00)
- Field Link Programmer (P/N 010-0063-01)
- Castle 14XX Motor Cooling Fan (P/N 011-0014-00)
